### SUMMARY

Software Engineer Developer with 2+ years building production-grade web applications and automation tools. Reduced operational effort by 70% through API development and deployed hospital systems serving 73+ screens. Expertise in Next.js, React, TypeScript, and PostgreSQL with proven hackathon success and npm package contributions.

### EXPERIENCE

- |   |                                |
|---|--------------------------------|
| Brink AI Labs   Software Engineer Intern  | Remote   Nov 2025 - Present    |
| • Working with builders from Disney+ Hotstar, JioCinema, and Swiggy to develop production-grade software. |                                |
| • Contributing to full-stack development with modern JavaScript frameworks and scalable architectures.    |                                |
| UDAL DC Fellowship   Lead Developer Intern  | on Site   Aug 2025 - Nov 2025  |
| • Built hospital automation services powering 73 screens (blood bank, OT, pharmacy real-time).            |                                |
| • Collaborated with district administration to deliver critical healthcare services.                      |                                |
| Billmaxo Solutions   Tool Developer Intern  | Remote   Jan 2025 - Jun 2025   |
| • Engineered WhatsApp Marketing API reducing operational effort by 70%.                                   |                                |
| • Created scraping tools for Swiggy and Zomato to extract 500+ real-time restaurant orders.               |                                |
| Kreekarvat Technologies   Project Manager Developer   | Hybrid   Aug 2024 - Apr 2025   |
| • Delivered 9+ web <u>projects</u> in education, healthcare, FMCG, and events, meeting all deadlines.     |                                |
| • Led frontend and backend development using Next.js, React.js, MongoDB, and PostgreSQL.                  |                                |
| AJIMS   Full Stack developer Intern   | on Site   Sept 2023 - Aug 2024 |
| • Developed a <u>Faculty Appraisal Application</u> for 100+ users, enhancing transparency and adoption.   |                                |
| • Integrated MongoDB and Firebase for secure, scalable storage, achieving 99% uptime in pilot deployment. |                                |

### PROJECTS

- |                          |  |
|--------------------------|--|
| <u>SignFlix</u>          | <i>Next.js, Tailwind CSS, PostgreSQL, Shadcn UI, Prisma ORM, TypeScript, Azure Blob, Azure Queue</i>               |
| •                        | Built an accessible streaming platform with sign language support for the deaf and hard-of-hearing.                |
| •                        | Improved inclusivity by making content accessible and ensuring equal Entertainment & Education.                    |
| <u>CPRM Prototype</u>    | <i>Next.js, Tailwind CSS, PostgreSQL, Shadcn UI, Prisma ORM, TypeScript, JavaScript</i>                            |
| •                        | Deployed a hospital CPRM prototype using modern web technologies to enhance resource and patient tracking.         |
| •                        | Implemented patient tracking, resource allocation, and AI-driven query features to streamline hospital operations. |
| <u>Aakar 2025</u>        | <i>Next.js, Tailwind CSS, PostgreSQL, Shadcn UI, Prisma ORM, TypeScript, JavaScript</i>                            |
| •                        | Led technical development of AAKAR 2025, AJIET's state-level techno-cultural fest, as Technical & Web Lead.        |
| •                        | Built a full-stack event management platform to manage registrations, schedules, and participants.                 |
| <u>create next quick</u> | <i>Next.js, TypeScript, Scaffolding, CLI Tool</i>  |
| •                        | Next.js CLI for instant projects with multiple pre-configured setups (Tailwind, Shadcn, Prisma, more).             |
| •                        | Saves 30+ min per project by automating boilerplate configuration.   |

### COURSES, ACHIEVEMENTS & ACTIVITIES

- Secured 2nd Runner-up at Cardano Hackathon Asia 2025 - IBW Edition in the Privacy Dapps Track and 2nd Runner-up at Annovation2025 Hackathon by Kyndryl and Microsoft among 1,081 teams.
- Served as Student Developer Champion at UiPath (2025-26) and Project Manager at Kreekarvat Technologies.
- Winner of Code Debugging (2025) at Yukti 2025 and core team member of DK24, DevNation, GDSC AJIET.
- Contributed to multiple websites for colleges, led workshops, and open-source contributions to the npm registry.
- Completed courses in Frontend Development (Meta), RPA Starter (UiPath Academy) and more.

### EDUCATION

AJ Institute of Engineering and Technology, Mangalore

Computer Science and Engineering B. E

Dec 2022 - Present

CGPA: 8.775

### SKILLS

- |                         |  |
|-------------------------|--|
| Languages / Frameworks: | TypeScript, JavaScript, Next.js, React.js, Node.js, Java, Tailwind CSS |
| Tools / Platforms:      | Git, GitHub, Visual Studio, UiPath Studio, Azure Services              |
| Soft Skills:            | Consistency, Determination, Leadership.                                |
| Databases:              | MongoDB, PostgreSQL, Supabase  |
